## Markers / Copic / Features

With its outstanding performance and creative versatility, the COPIC Marker System provides the ultimate solution to design flexibility and artistic liberty.

- Square body profile is roll resistant on working surfaces.
- Solid polypropylene body is both smooth and comfortable, for a perfect, controllable grip.
- Durable polyester nibs are easily interchangeable and available in nine different weights and styles.
- COPIC Markers come in 214 colors and are refillable with Various Inks.
- Electronic production guarantees consistency of both color and output.
- Precise and positive colored capping system provides for instant color selection.

- Body inscriptions and symbols are wear resistant and easily cleaned with COPIC cleaner.
